Foothills Tennis and Swimming Club

Mission Statement

Foothills Tennis and Swimming Club (FTSC) is a proprietary club that provides a social and recreational center for families and individuals who seek a well-appointed but casual environment in which to develop a community of friends.

The Club provides a regular schedule of social events, a program of children's swim lessons and competitive activities, and a tennis program with lessons and competitive activities for all ages. It seeks to serve the needs and interests of families and of individual Members.

FTSC's Members share a commitment to the values of the Club community:

Friendliness - Members, guests, and club staff treat one another in a friendly, courteous manner.

Participation - FTSC relies upon volunteer effort to set the direction of its programs and to provide the array of activities that meet Members' priorities. For this reason - and because friendships are made when people work together to further shared interests - we encourage Members to become involved in helping plan and put on our social, swimming, and tennis activities. Opportunities for involvement include working on single events, serving on standing committees (e.g., Tennis, Swim Team, Membership) and on the Board of Governors.

Good Sportsmanship - in all athletic activities, we place a premium on mutual respect among competitors and on the old-fashioned idea that one should be modest in victory and gracious in defeat. We cheer for our own teams, not against our opponents.

Financial Prudence - careful management of its physical and monetary resources, based upon long-range plans ratified by the entire membership, allows FTSC to offer quality programs in attractive premises at a reasonable cost to Members.

Membership Information

January 2019

A member-owned club, Foothills provides a social and recreational center in which to develop a community of friends. Our informality, the close proximity of all facilities, and the friendly cooperation among Members, are special attributes of Foothills. These features combine to create a comfortable home environment that is unique among clubs in the area. Members take proprietary pride in their Club and are expected to volunteer their time to organize activities, set the direction of our programs, and share in the upkeep of the clubhouse and grounds.

Application Process

- 1. Potential applicants are encouraged to stop by Foothills to take a look around and obtain an application. Prior to submitting an application, prospective Members may request a tour of Foothills including the grounds, clubhouse, and amenities.
- 2. Applicants must be sponsored by two current proprietary Members. One of these Members must have known the applicant for at least one year. The primary sponsor must write a recommendation letter to be included at the time of application submission. The secondary sponsor simply signs the application. No sponsor may be related by blood or be associated in business with the applicant.
- 3. A family introduction and photo must also be included with the application.

Once the complete application has been submitted:

- 1. The applicant's family name, city, and sponsors will be posted on the bulletin board in the clubhouse lobby.
- 2. Applicants must be interviewed by a member of the Membership Committee. The committee member will recommend the prospective Member for board approval.
- 3. Upon approval, the entire family will be invited to a mandatory New Member Orientation given by the General Manager and a member of the Membership Committee or Board. The orientation is an informal opportunity for applicants to meet current Club Members and exchange information, learn about the Club programs and rules, and sign insurance liability forms and photo release forms.

These steps are required prior to the membership offer. Admission to Foothills requires the approval of the Board of Governors.
